## SUMMARY

Motivated React.js Developer skilled in JavaScript, React.js, Tailwind CSS, HTML, and CSS, with foundational knowledge of backend development using Node.js, Express.js, and PHP. Passionate about building modern, responsive, and user-friendly web applications. Seeking a React.js or Frontend Developer internship to apply and strengthen frontend skills while continuing to learn backend technologies, contribute to real-world projects, and grow into a well-rounded full-stack developer.

## MAJOR SKILLS

Frontend: React.js, JavaScript, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, PHP

Databases: MongoDB, MySQL

Tools: Git, GitHub, Vercel, Netlify, Render, Backblaze B2

Others: REST APIs, JSON, Components and State Management, Responsive UI

## PROJECTS

### ExploreNepal - Travel Exploration Platform [REACT.JS, TAILWIND CSS, REST API, JAVASCRIPT](#) [Link](#)

- Built a responsive web application for exploring popular destinations across Nepal.
- Implemented destination search, filtering, detailed destination pages, and a favorites feature.
- Integrated a weather API to display destination-specific weather information.
- Added light and dark modes with a modern, mobile-friendly user interface

### Expense Tracker [REACT.JS, TAILWIND CSS](#) [Link](#)

- Developed an expense management application with features to add, edit, and delete expenses with real-time UI updates.
- Implemented sorting and filtering by expense category and date.
- Designed a clean, responsive interface optimized for both mobile and desktop devices.

### Portfolio Website [REACT.JS, JAVASCRIPT, TAILWIND CSS, FRAMER MOTION, EMAILJS](#) [Link](#)

- Built a modern, fully responsive personal portfolio using React.js and Tailwind CSS.
- Implemented light and dark modes, smooth scrolling, and interactive animations using Framer Motion.
- Developed reusable components for the navigation, hero, about, skills, projects, contact, and footer sections.
- Integrated EmailJS to enable recruiters, collaborators, and potential clients to send messages directly through the website.

### Swastik College Webiste [REACT.JS, TAILWIND CSS, NODE.JS, EXPRESS.JS](#) [Link](#)

- Built a full-stack, CMS-driven website for a college with a custom admin panel for managing courses, faculty, notices, events, galleries, testimonials, downloads, and blog content.
- Implemented JWT-based admin authentication, login rate limiting, Helmet security headers, and CORS restrictions to improve API security.
- Developed a section-level visibility system that allows administrators to enable or disable homepage and page sections dynamically.
- Designed responsive and reusable React components for a consistent user experience across desktop and mobile devices.

## EDUCATION

|                                                                                |                    |
|--------------------------------------------------------------------------------|--------------------|
| Swastik College                                                                | Dec 2022 - Present |
| Bachelor of Science in Computer Science and Information technology (B.Sc.CSIT) |                    |
| Khwopa Secondary School                                                        | Sep 2022           |
| Secondary Level                                                                |                    |
